AGENDA

I. Welcome & Roll-Call

II. Approval of Coordinating Council Meeting Minutes
   a. Minutes of the Coordinating Council Meeting dated Wednesday, December 14, 2016

III. Update On Plan for Implementing Federal Guidance and Policies
     Irma Gorrocino
     Maggie Potthoff

IV. Update on the 2017 Greater Los Angeles Homeless Count
     Jonathan Hans

V. Programs Department Updates
   a. Update on HUD Youth Homelessness Demonstration Program and 100 Day Challenge
      Angela Rosales
   b. Update on New HMIS system
      Joshua Decell

VI. Discuss Agenda Items for Next Meeting
    Herb Smith

VII. Adjournment
     Coordinating Council

Supporting Documents
1. Meeting Agenda of the Los Angeles Continuum of Care Coordinating Council
2. Meeting Minutes of the Coordinating Council dated Wednesday, December 14, 2016
3. Presentation on Plan for Implementing Federal Guidance and Staff Assessment Tools for Selected Federal Notices
4. Presentation on Greater Los Angeles Homeless Count
5. Presentation on HUD Youth Homelessness Demonstration Program and 100 Day Challenge
Meeting Minutes

Attendance
Los Angeles Coordinating Council Members:
- SPA 1- Antelope Valley: Patti Rivetti (teleconference)
- SPA 2- San Fernando Valley: Kris Freed
- SPA 3-San Gabriel Valley:
- SPA 4- Hollywood: Antquan Washington
- SPA 4- Skid Row: Herb Smith
- SPA 4- ELA/Boyle Heights: Andrea Marchetti
- SPA 5- West Los Angeles: Va Lecia Adams-Kellum/ Christine Mirasy-Glasco (teleconference)
- SPA 6-South Los Angeles: Veronica Lewis
- SPA 7- East LA County:
- SPA 8- South Bay/ Harbor: Elizabeth Eastlund/ Tahia Hayslet (teleconference)

LAHSA Staff: Clementina Verjan, Paul Duncan, Rhonda Wilson, Sarah Mahin, Angela Rosales, Josh Decell, Irma Gorrocino, and Carolina Briones

I. Welcome & Roll-Call
Veronica Lewis

II. Approval of Coordinating Council Meeting Minutes
Coordinating Council
a. Minutes of the Coordinating Council Meeting dated October 12, 2016
   Motion: Veronica Lewis moved to approve the minutes, Herb Smith seconded.
   Action: Kris Freed and Antquan Washington abstained. Motion PASSED with 5 ayes.

III. Update on Process for Implementing Federal Guidance and Policies and Input on Federal Notices
Irma Gorrocino

Summary: Staff presented on the four identified federal notices that need to be implemented within the CoC. Notices are released throughout the year by HUD and other federal departments. A draft protocol that would help LAHSA implement these notices was also presented with the incorporated feedback from the last Coordinating Council meeting. Staff provided recommendations with how to appropriately implement these notices within the CoC.

Discussion: Council felt that this deserves a more in-depth conversation with providers, filling out forms is not enough. Council suggested training by LAHSA on how to interpret or digest these notices as they
are released would be helpful to providers. Council suggested to incorporate a segment on the LAHSA website to post these notifications. This should also be shared with the CES leads via e-mail.

**Staff Action Items:** At the next Coordinating Council meeting, report back with a proposed contract amendment timeline that clarifies the points at which contracts would be updated to reflect a notice's content (immediately, at renewal, or with a new RFP). Provide technical assistance update on the Equal Access notice and provide update on communication with PHAs on the mobility notice.

IV. Update on Homeless Count 2017

*Clementina Verjan*

**Summary:** Hot Spot Planning Sessions were completed; SPA’s 5 & 7 were conducted online. Communication packets are now available on-line. Staff encourages providers to share information on the Homeless Count on their organization's websites. The official website for Homeless Count 2017 was launched on Nov 28th. The County and City of Los Angeles employees are being encouraged to volunteer with the count. Staff provided a youth count update. Providers participated in youth hotspot planning, including our collaborative partners like Los Angeles County of Education (LACOE). Staff has been working with Melissa Schoonmaker, LACOE Homeless Education Consultant, to provide a letter to send to the McKinney-Vento Homeless Liaisons at LACOE. This letter is to ensure LACOE’s data aligns with LAHSA’s youth count data. Youth CES agencies and LAHSA regional coordinating staff will primarily assist with this year’s Youth Count. USC is providing assistance and outreach with the Youth Count and have asked for assistance from organizations like the Boys and Girls Club for additional assistance.

**Discussion:** Council mentioned many CES leads are just starting to obtain their funding and will need a lot more support from LAHSA in order to help with the Youth Count. Council stated that many individuals have started to register to volunteer, but the site is not allowing individuals to choose a location or site for the count. Council recommends that LAHSA includes on the website the ability to see the deployment sites earlier in time to register to volunteer. Staff mentioned the list of deployment sites will be finalized this week and volunteers will be sent an additional e-mail to choose a deployment site based on their zip code and have the option to change their site location. Staff stated it was a positive experience with the chronically homeless population however the challenge remains in terms of capacity.

**Staff Action Items:** Provide additional update on Homeless Count 2017 at next meeting.

V. Programs Department Updates

a. Update on HUD Youth Homelessness Demonstration Program and **100 Day Challenge**

   *Angela Rosales*

   **Motion:** motion to move item to February meeting was moved by Veronica Lewis, seconded by Herb Smith.

   **Action:** The motion passed unanimously.

b. Update on New HMIS system

   *Joshua Decell*

   **Summary:** Staff stated contract will be sent to HMIS vendor to sign by this week. The HMIS vendor provided a timeline on critical milestones. At this time staff is looking at the buildout for training of LAHSA staff in December and January. The second phase under the initial agreement for set-up of programs and services under the new system to engage providers would occur in January,
February and March. Set up of CES will occurs in April and June. Staff stated at this time, HUD doesn’t have a standard set up and map set up when incorporating a new HMIS new system, migration will layover to span of project. HMIS user training will take place in April and May. The new system will go live in May. Contact has been made with other CoC’s that utilize the same HMIS vendor to discuss any challenges that occurred with migration.

Discussion: Council addressed concern around addressing intersection between the different systems and if there will be any form of evaluation around how fast individuals move between systems. Council asked if any consideration has been taken into account regarding the migration process between systems from other CoC’s that use the same new HMIS vendor.

Staff Action Items: Evaluate how fast people are moving around systems and put this on a future agenda/discussion. This item needs to be moved up sooner for discussion on the agenda in January.

c. Overview of System Performance Measures and Dashboards  
Joshua Decell

Summary: Staff presented on the changes that would occur with the dashboards once the migration takes place under the new HMIS system. Before the length of homelessness was a data component that was reflected. Now the component measured will be the amount of time spent in shelter or in domestic violence program plus the duration of the homeless episode. At this time there are no DV mass identifiers to find out if an individual can be linked for services. Staff is seeking to engage the Dept. of Public Health and the Department of Mental Health in the new system after the initial project.

Discussion: Council asked for clarification regarding the length of homelessness. Council asked if there are any ideas of incorporating DV as a mass identifier in the system in order to track data.

Staff Action Items: Provide information reports regarding retention measures at next meeting.

d. LA Continuum of Care Program Rapid Re-Housing (RRH) 80/20 Budget Split  
Paul Duncan

Summary: Staff provided a follow-up with the input obtained from community providers regarding the need to increase availability of funds for supportive services within rapid rehousing programs. Through community input LAHSA is increasing the amount of awarded funds that can be allocated for supportive services. The maximum of 35% of direct operation funds to provide support services. Guidance for CoC programs requesting budget modification was provided.

Discussion: Council asked if modification will be done locally rather than federally in relation to funding. This would require to be done in DC in order for there to be a HUD amendment. Council asked for clarification on budget allowance.

Staff action items: No further action necessary.

VI. Ad Hoc Committee on Women’s Homelessness  
Sarah Mahin

Summary: Staff reported the group convened for the first time December 13, 2016. The committee is working on an array of women-related issues as it relates to homelessness. Some presenters included the Downtown Women’s Center who gave input on their assessment and their work underway with DV
alignment and integration. Staff stated the group will most likely meet over a period between 5-6 months and provide a list of recommendations.

Discussion: Council asked about the duration of time the committee will convene and what the ultimate goal will be.

Staff Action Items: No further action necessary at this time.

VII. Update on the Southern California Alliance of CoC Leaders Meeting

Clementina Verjan

Summary: Staff attended and reported the key areas of discussion were focused on CoC coordination, policy coordination efforts with homeless count, and encouraging HMIS data sharing. A representative from the U.S. Department of Health and Human Services participated and presented on HHS’s work to integrate HHS resources for CoC’s. A discussion on HUD goals and a NOFA cycle timeline was presented. This convening occurs quarterly throughout the year.

Discussion: Council asked about the frequency of these convenings.

Staff Action Items: No further action necessary at this time.

VIII. Update on the Regional Homelessness Advisory Council (RHAC)

Carolina Briones

a. SPA elections results
b. SPA election process

Summary: RHAC convening will follow The Brown Act and will post info before meeting convenes in February. SPA elections are all completed and outreach to the Council of Government’s (COG) were completed. A timeline was presented in anticipation of the first convening in February. Clarification was provided regarding the clarification of endorsements and community residents that voted. One vote was permitted per agency and this was used as a guideline during the SPA elections. Representation of clergy members is being considered for the council as well.

Discussion: Council asked for clarification regarding the use of community residents who voted. Council asked if there are other seats being considered with respect to clergy members and provided feedback on lessons learned from the SPA elections.

IX. Discuss Agenda Items for Next Meeting

Veronica Lewis

a. HMIS Update
b. HUD Youth Homelessness Demonstration Program and 100 Day Challenge
c. Update on RHAC List
d. Homeless Count Update
e. Update on Equal Access Federal Notice and Mobility Notice in relation to the Public Housing Authorities

X. Adjournment

Coordinating Council

Motion: Veronica Lewis moved to adjourn. Antquan Washington seconded.
Action: Motion passed unanimously. The meeting adjourned at 4:10 PM.
Agenda

• The 100 Day Challenge Update
• HUD Youth Homelessness Demonstration Project NOFA
The 100 Day Challenge

Austin, Cleveland, Los Angeles
The 100-Day Challenge

A WAY HOME AMERICA

RAIKES FOUNDATION

MELVILLE CHARITABLE TRUST

casey family programs

DEPARTMENT OF HEALTH & HUMAN SERVICES • USA

rapid results institute
Why did we apply?

1. Bring in high quality technical assistance and targeted support during Youth CES Rollout.

3. Learn as much as possible to inform and improve regionally based capacity to prevent and end youth homelessness.

INITIAL GOAL: House at least 100 youth in 100 days.
Timeline & Key Dates

1. House youth
2. Implement, practice, test, support
What do we want to learn?

- **Qualitative**
  - Best practices/strategies for engagement
  - Housing interventions
  - Retention services

- **Coordination:**
  - Create a Youth CES process model
  - Implement the CES youth model
  - Develop SPA level milestones and goals

- **Integration:**
  - Align Youth CES with CES for Single Adults and CES for Families
  - Warm handoff across different systems
  - Inform system capacity building
Meet the Team!

Youth CES Lead Agencies:

**SPA 1:** Valley Oasis
**SPA 2:** The Village Family Services
**SPA 3:** Hathaway-Sycamores
**SPA 4:** Children’s Hospital LA
**SPA 5:** Safe Place for Youth
**SPA 6:** Coalition for Responsible Community Development (CRCD)
**SPA 7:** Jovenes Inc
**SPA 8:** Harbor Interfaith Services
Challenge Progress

- Establishing SPA-based networks of supports for youth experiencing homelessness and housing instability.

- Receiving technical assistance from Rapid Results Institute and the True Colors Fund.

- Coaching each Youth CES Lead Agency.

Where are we headed?

Bridging Resources, Increasing Capacity of Systems and Supports (BRICSS) to End Youth Homelessness
Demonstration Program Objectives:

1. Build national momentum
2. Evaluate the coordinated community approach
3. Expand capacity
4. Evaluate performance measures
5. Establish a framework for federal program and TA collaboration
Award Information

- Estimated Total Funding: $33,000,000
- Minimum Award Amount: $1,000,000
- Maximum Award Amount: $15,000,000
  - Community Award Formula based on community population age 10-24 and poverty rate for population age 10-24
- Estimated Program Start Date: April 2017
- Estimated Program End Date: April 2021
Application Information

- Eligible Applicants: CoC Collaborative Applicant
- 10 communities will be selected
  - 4 rural communities
- Application Due Date: Nov. 30, 2016
- Youth Advisory Board
- Public Child Welfare Agency
Program Specific Requirements

- Coordinated Community Plan to End Youth Homelessness
  - Waivers
- Projects will be based on approved community plan
- CoC eligible projects will be added to Annual Renewal Demand
- USICH Framework Four Core Outcome Areas:
  - Housing Stability
  - Education & Employment
  - Health & Well Being
  - Permanent Connections
Thank you

Angela Rosales

2017 Greater Los Angeles Homeless Count Update

Prepared for the Coordinating Council
January 6, 2017

Presented By: Jonathan Hans,
Manager, Planning Unit
Homeless Count Updates:

1. Street Count Component
2. Demographic Surveys Component
3. Youth Count Component
4. Shelter/Institution Count Component
Street Count Update:
Enhancements to our website

BECOME A VOLUNTEER

Hi Jonathan Hans, welcome back!
View your settings or sign out

Everyone counts. No matter where they live.
You are registered for the 2017 Homeless Count!
Community Calendar

Thank you for your commitment to ending homelessness in Los Angeles.

Looking for more opportunities to get involved in this effort? Check our community calendar to find organizations offering volunteer activities year-round.

Does your organization need volunteers? Add your event or activity and we'll post it and help spread the word! Contact our Planning manager for posting inquiries: jhans@lahsa.org

**ROLES**

**Supply Assembly:**
*Description:* Assist in the assembly and verification of all street count supplies. This is an easy way to help if you have even just 1 or 2 hours before, during, or after work at LAHSA.
*When:* January 9-13th
*Contact Saba Tekle if you’re interested in volunteering in this role:* stekle@lahsa.org

**Deployment Site Coordinators:**
*Description:* Site Coordinators are responsible for managing the flow of a deployment site. They need to arrive early to set up and stay until the end to close up the site. We have a large need for Site Coordinators in the San Fernando and San Gabriel Valleys.
*When:* January 24-26
*Contact the Regional Coordinator in the area you want to volunteer (see list below).*

**Site Support Team Member:**
*Description:* Site Support Team members will assist the Site Coordinator to help the process flow smoothly at the deployment site. One important task is to check tally sheets when counting teams return and enter data into an online form.
*When:* January 24-26
*Contact the Regional Coordinator in the area you want to volunteer (see list below).*

**Hub Drivers:**
*Description:* For the night owls among us we need drivers to transport materials from hub locations back to LAHSA on the night of the Count.
*When:* January 24-26
*Contact the Regional Coordinator in the area you want to volunteer (see list below).*

**Headquarters Support:**
*Description:* Based at LAHSA you will support the Data and Research team in fielding calls as well as receiving supplies as they come back in from the hubs.
*Contact Paul Lange: plange@lahsa.org if you are interested in this role.*

**Your Regional Coordinators**
Antelope Valley - Yolanda Vargas: yvargas@lahsa.org
San Fernando Valley and Santa Clarita Valley - Raquel Trinidad: rtrinidad@lahsa.org
San Gabriel Valley - Daniella Alcedo: dalcedo@lahsa.org
West Metro Los Angeles – Raul Lopez: rlopez@lahsa.org
East Metro Los Angeles: Phyllis Lozano: plozano@lahsa.org
West Los Angeles - Samuel Appel: sappel@lahsa.org
South Los Angeles - Kenon Joseph: kjoseph@lahsa.org
East Los Angeles County - Kimberly Barnette: kbarnette@lahsa.org
South Bay/ Harbor - Paul Lange: plange@lahsa.org

**DEADLINE:** The deadline to provide your preference is **Friday, January 13th**.
To: The Los Angeles Continuum of Care Coordinating Council

From: Maggie Potthoff, Senior Policy Analyst, Policy and Planning

Date: January 11, 2017

Re: Federal Notification Updates: Mobility and Equal Access Notices

OVERVIEW

The following memorandum provides an update to LAHSA’s Federal Notice review and implementation process, presented to Coordinating Council in December 2016. The first section below outlines the proposed protocol and timeline for amending contracts in response to mandated Federal Notices. The second and third sections present action plans and progress updates for implementing two of the four notices currently under review at LAHSA – the Mobility Notice and the Equal Access Notice.

PROPOSED PROTOCOL FOR CONTRACT AMENDMENTS RELATED TO FEDERAL NOTICES

When a Federal Notice contains a mandate and also requires a change to our contracts, LAHSA’s goal is to amend and update all contracts simultaneously to the notice’s effective date. Below outlines the protocol LAHSA will follow to determine if and when contracts are updated or amended.

1. **Immediate application**: If a Federal Notice is a mandate that has not yet been applied in our CoC, changes will be made immediately to all current Federal contracts (via a contract amendment or a change notice) and the revised language added to all future contracts as they are generated. Immediate revisions can be prepared within a 30-day period if necessary.*

2. **Phased implementation**: If LAHSA and its partners decide to adopt a CoC-wide policy based on Federal guidance, changes to current contracts should be made only once providers understand the notice’s substance and implications.
   a. **New contracts** will integrate the change as they are generated.
   b. **Existing contracts** will integrate the change at the renewal period, if the renewal period follows the provision of the necessary technical assistance.

*LAHSA’s CoC contracts currently contain a provision that agencies shall comply with federal, state and local laws and regulations as they may be amended or revised during the performance of the
A Joint Authority
Created by the City and County of Los Angeles

In many cases wherein the mandate revises a condition already in our contracts, this provision will make immediate amendments unnecessary, and so phased implementation will suffice.

CONTINUUM OF CARE PROGRAM-INCREASING MOBILITY OPTIONS FOR HOMELESS INDIVIDUALS AND FAMILIES WITH TENANT-BASED RENTAL ASSISTANCE (TBRA)

Summary: The June 2016 HUD Interim Rule Amendment amends the Continuum of Care (CoC) program regulations to allow individuals and families receiving tenant-based rental assistance (TBRA) to choose housing outside of a CoC’s geographic area. It also relaxes the conditions with which a program (CoC recipient or sub-recipient) must comply when serving a program participant fleeing domestic violence. While client choice is the guiding principle behind this amendment, providers may decline the request if they are unable to comply with all CoC program requirements in the new geographic area. Providers can meet requirements either with their own staff or through Memorandums of Understanding (MOUs) with agencies in the receiving community; since there is no maximum distance that an individual or family can request to move, MOUs will be critical for enabling long-distance relocations.

Action plan: LAHSA has communicated this change to CoC programs through our general distribution email list. LAHSA has also directly notified the Housing Authority of the City of Los Angeles (HACLA) and the Housing Authority of the County of Los Angeles (HACoLA) to ensure they are aware of the increased flexibility now afforded program participants. Our action plan going forward includes the following steps:

- LAHSA as the LA CoC’s lead agency will develop and distribute a process to handle complaints against grant operators who deny the participants their request to move outside of the LA CoC.
- LAHSA will continue to engage Public Housing Authorities to address the impact of this notice on their operations.
- LAHSA will address the notice with providers at the next set of CoC quarterly meetings.

EQUAL ACCESS IN ACCORDANCE WITH AN INDIVIDUAL’S GENDER IDENTITY IN COMMUNITY PLANNING AND DEVELOPMENT PROGRAMS (CPD)

Summary: The September 2016 HUD Final Rule ensures equal access for individuals in accordance with their gender identity in programs funded under CoC, ESG, HOPWA, CDBG, HOME, and Housing Trust Fund. In other words, individuals in these programs have the right to services regardless of whether the gender with which they identify matches their sex assigned at birth or perceived gender identity. For providers, recipients, and sub-recipients, this expansion of “Equal Access” may necessitate the revision of their admissions and occupancy policies and procedures in order to obviate intrusive questioning or requiring gender-related documentation. This notice requires that CPD-funded shelters post a bulletin reflecting alignment with this new standard.

Action plan: Because this notice is a mandate and effects a large portion of our portfolio, LAHSA will take the lead in ensuring that providers are aware of the steps necessary to comply with this rule. The following communications have already been disseminated:
• LAHSA Communications Department posted the link to HUD’s Final Rule on LAHSA’s Facebook page on 9/21/2016.
• LAHSA sent a save-the-date email through the general distribution listserv on 12/23/2016 inviting providers to attend HUD’s webinar on Equal Access in January 2017.¹

In addition to linking providers to HUD resources like the webinar and training scenarios for use with project staff, LAHSA will host and facilitate local in-person forums. LAHSA is pursuing partnerships with subject-matter experts (e.g. the LA LGBT Center) in order to provide culturally sensitive and relevant training. While the curriculum is currently in development, it will at a minimum mirror HUD’s already-existing training which covers definitions of relevant terms, scenario examples and responses, and an explanation of why protections are needed. LAHSA will add local perspective by facilitating a discussion about anticipated challenges and strengths in implementing this rule. The following next steps are required:

• Confirmation of partnership with the LA LGBT Center.
• Confirmation of sites and dates for three LAHSA-hosted forums.
• Invitation to providers through General Distribution email, and through Systems Integration at LAHSA.

Alongside training to providers, LAHSA will make necessary internal adjustments as well. These changes include:

• Amendments to existing contracts will include language about equal access inclusive of gender identity at the next renewal period; new contracts generated since this notice’s effective date already include this language. (Timeline for amendments aligns with our above-outlined policy.)
• Monitoring and Compliance’s policy and procedure review will be revised to ensure compliance with this rule.
• HMIS training will be revised with an emphasis on self-identification of gender.

LAHSA seeks Coordinating Council’s feedback regarding the development of a CoC-wide policy extending this rule to all programs. If Coordinating Council recommends establishing a new policy, LAHSA would seek additional feedback from Coordinating Council and from providers at CoC quarterly meetings for developing a provider input process for this policy.

¹ Webinars will take place on January 10 at 12 pm EST and on January 18 at 2:30 pm EST. Sign-up available here: https://www.hudexchange.info/trainings/courses/equal-access-and-gender-identity-rules-training/1807/?utm_source=HUD+Exchange+Mailing+List&utm_campaign=e720fac1f0-Register-Now-Equal-Access-and-Gender-January-2017&utm_medium=email&utm_term=0_f32b935a5f-e720fac1f0-19402713
