This Scope of Required Services (SRS) for Rapid Re-housing contains a written summary of, and links to, detailed information regarding the services that must be provided to eligible participants experiencing homelessness receiving Rapid Re-housing services. This SRS and the documents that are linked hereto, in combination with the Program Standards (contained in a separate document), the Program Profile and Performance Targets, together, comprise the entire Statement of Work for Rapid Re-housing. The Los Angeles Homeless Services Authority maintains the right to make changes related to prioritization, matching, and other aspects of the implementation of the complete Coordinated Entry System. Programs will be notified through policies, interim guidance and other forms of guidance when deemed necessary.

RAPID RE-HOUSING OVERVIEW

Rapid Re-Housing is a Housing First, Low Barrier, Harm Reduction, Crisis Response program focused on quickly resolving the crisis of homelessness for eligible participants and assisting them at moving into a permanent housing situation. RRH case managers use Progressive Assistance to help program participants rapidly obtain and stabilize in permanent housing in either the private rental market or affordable housing market as available. Rapid Re-Housing programs should design service provision based on the core components of Rapid Re-Housing: Housing Identification, Rent & Move-in Assistance, and Case Management & Supportive Services. Rapid Re-housing Programs are expected to be aligned with the Rapid Re-Housing Standards developed by the National Alliance to End Homelessness in conjunction with HUD, Veterans Affairs (VA), and United Stated Interagency Council on Homelessness (USICH). For more information see: http://www.endhomelessness.org/library/entry/rapid-re-housing-performance-benchmarks-and-program-standards.

Rapid Re-Housing programs focus their case management assistance by placing emphasis on those services that assist participants in meeting their responsibilities as tenants and in complying with a standard lease agreement. Rapid Re-housing programs are an integral part of the greater Los Angeles Coordinated Entry System (CES) which was created to ensure a consistent approach to access and delivery of services in LA County. Therefore, Rapid Re-housing must work in collaboration the Coordinated Entry System (CES). CES Rapid Re-housing should fit seamlessly with the other CES Program components: Outreach, Problem Solving Intervention, Crisis Housing, Bridge Housing, Transitional, and Permanent Supportive Housing. For more detail about this involvement in CES please see the 2018-2019 Coordinated Entry System Program Standards.

DEFINITION

1. **Rapid Re-housing** is a category within Permanent Housing. Rapid Re-housing connects families, individuals, and youth experiencing homelessness to permanent housing through a tailored package of assistance that may include the use of time-limited financial assistance and targeted supportive services. Rapid re-housing programs help families, individuals and youth living on the streets or in emergency shelters solve the practical and immediate challenges to obtaining permanent housing while reducing the amount of time they experience homelessness, avoiding a near-term return to homelessness, and linking to community resources that enable them to achieve housing stability in the long-term. Rapid re-housing is an important component of a community’s response to homelessness. A fundamental goal of rapid rehousing is to reduce the amount of time a person is homeless by rapidly provide stable and safe housing.

2. **Progressive Engagement/ Assistance** an approach for providing financial assistance and case management services in permanent housing programs. This approach seeks to provide only the amount of assistance necessary to assist each participant reach housing stability, not more. Progressive Assistance starts when
staff first meet their participant and begins the process of assessing the person’s strengths and housing barriers. Staff should continually assess out how much a participant can do on their own at every meeting. Staff will find that the movement may go up and down depending on what the participant is experiencing. While there may be months were a participant needs less assistance from case management, this decrease in Case management shall not fall below the minimum standard set by the funder of the program. For financial assistance, the staff should assess the household’s ability to pay part of the rent (and how much of the rent) every month and discuss with them any changes that staff feels is appropriate to occur. If need decreases the amount of assistance decreases, and if need increases the amount of financial assistance would also increase. While the hope is that there will be a steady progression of the participant taking on more responsibility, it may be that things could change more sporadically. A new job may not continue for example causing a need to increase financial assistance. The amount of case management and financial assistance are not directly tied together. It is possible to eliminate all but the minimum of case management but need to continue to provide financial assistance. Likewise, it is possible that financial assistance may no longer be necessary because the participant can afford the rent on their own, but still benefit from some degree of assistance from case management. This flexible, individualized approach works to maximize resources by only providing the amount of assistance that a household need.

3. **Problem Solving Intervention Problem Solving (formerly Diversion)**. A strength-based, creative problem-solving conversation with people experiencing immediate housing crisis and who are currently seeking assistance through the homeless response system. Examples of diversion/problem-solving can include conflict resolution, family reunification, and one-time financial assistance that will assist with an alternative housing solution (short or long term) outside of the homeless response system. All applicants to the program must receive ongoing assessment for problem solving to determine if it is possible for them to access other housing options and remained housed or be rehoused temporarily or permanently instead of utilizing transitional housing services.

**ELIGIBILITY FOR SERVICES**

Detailed eligibility for Rapid Re-Housing Programs can be found in **Appendix I, II. or III**.

4. **Homeless Status**. Participants must be determined to be homeless (Categories 1 & 4) per HUD’s Final Rule on “defining Homeless” (24 CFR parts 91, 576 and 578). Please see Appendix I and II for detailed description eligibility for Rapid Rehousing.

4.1 Programs will be responsible for documenting the determination of the participant’s homelessness status by using LAHSA Approved LA CoC Homeless Certification Form.

4.2 Program will be responsible for obtaining the LA CoC Homeless Certification forms from any referring agency.

4.2.1 All documentation is required to be placed inside the participant’s master file.

4.3 Program will be responsible for entering the homelessness status in the Homeless Management Information System (HMIS).

5. **Income Requirement**. Participants must be determined to be income eligible by meeting income threshold at or below 50% Area Median Income (AMI) for Los Angeles County.

5.1 Program will be responsible for obtaining all income supporting documents.

5.1.1 Program will be responsible for documenting, and determining the participant’s AMI, using the My Org income calculator tool and print out.
5.1.2 If participant cannot obtain documentation of income or provide proof of income, program must complete the LAHSA Third Party Income Eligibility form to obtain the income being reported by the participant.

5.1.3 If program cannot obtain a LAHSA Third Party Income Eligibility form after attempting to do so, the participant shall complete the LAHSA Self-Certification of Income form.

5.2 Program will be responsible for entering the reported income in HMIS. If there is a reported increase or decrease in income, program must update the change in income in HMIS.

6. **CES Survey:** Participants must have a CES Survey result in HMIS or on file if serving Domestic Violence participants. Contractor must utilize the population-appropriate LA County CES Survey to determine eligibility for, and connection to, appropriate housing interventions. Before completing the population-appropriate survey, Contractor must check participant’s CES record in the Homeless Management Information System (HMIS) for a previous result. If there is no record of an existing CES survey result in HMIS, Contractor must complete the appropriate and most recent version of the CES Survey. If the participant has a previous CES survey result in HMIS, an additional survey should not be administered unless the staff believe the result of the score does not reflect the participant’s acuity. Please see LAHSA Interim Guidance document “Interim Guidance: Updating and Correcting Population - Appropriate CES Triage Tool Scores,” found in the LAHSA document library.

6.1 LA County CES-approved triage tools include:
   5.1.1 CES Survey for Adults
   5.1.2 CES Survey for Youth

6.2. The CES survey must be administered (whether in an office setting or in the field), by staff who have completed training required by the LAC-CoC.

6.3. The CES survey must be administered in a place that allows the participant needed privacy for answering the questions.

**POPULATION**

7. **Population served:** Please see Appendices for detailed description of eligibility being served under Rapid Rehousing. Unaccompanied Minors are not eligible for enrollment or services in programs that serve Single Adults. An exemption exists for unaccompanied minors who are legally emancipated.

8. Contractors must **NOT** screen out participants or deny referrals based on any of the following criteria:
   8.1 Lack of sobriety;
   8.2 Lack of income or employment status;
   8.3 Lack of identification documentation;
   8.4 The presence of mental health issues, disabilities, or other psychosocial challenges;
   8.5 Lack of a commitment to participate in treatment;
   8.6 Criminal background;
   8.7 Presence of or number of evictions;
   8.8 Any other criteria thought to predict challenges/barriers to long-term housing stability or generally considered “difficult to work with.”
CES PARTICIPATION

9. Program must identify new participants through participation in the Coordinated Entry System (CES).

   9.1 Program must work collaboratively with CES Regional Coordinator, Outreach Coordinator, and CES Matcher to identify eligible Participants.

   9.2 Program must participate in CES Case Conferencing/Care Coordination meetings in the SPA to identify eligible participants.

   9.2 Program must accept referrals from CES participating agencies and prioritize enrollments based off CES prioritization policies.

   9.3 Program must identify eligible participants enrolled in Crisis Housing, Bridge Housing, Outreach, Housing Navigation programs and those exiting transitional housing programs.

10. Programs are also required to work collaboratively with domestic violence shelters to ensure that services are made available to eligible participants participating in the domestic violence system.

   10.1 Participants who identify as actively fleeing a domestic violence situation, must be immediately offered a connection with and provided placement into a domestic violence shelter at their request, at a confidential location to ensure the safety and well-being of the Participant.

SUPPORTIVE SERVICES AND ACTIVITIES

11. Programs providing Rapid Re-housing services and assistance either directly, or through subcontracted service arrangements, must be uniquely assessed for the types of services needed. The services that can be provided are listed below but are not limited to this list. Greater details about eligible services and activities can be found in Appendix IV.

12. Direct Support Services: Contractors providing Rapid Rehousing are funded for the following services:

   12.1 Intake and Assessment
   12.2 Case Management
   12.3 Housing Identification
   12.4 Financial Assistance

13. Problem Solving (aka- Diversion): The first conversation upon entry should be to assess for the possibility of diversion so as to assist the person self-resolve their housing Crisis and/or make reasonable efforts to re-connect with supportive family and/or friends who could temporarily or permanently house the participant. If resources are needed to successfully divert a person from entry into the homelessness system, a referral must immediately be made to a CES Diversion/Prevention program. In order to identify other permanent housing options. Please see Problem Solving Scope of Required Services located in the LAHSA document section for further guidance.

   13.1 All applicants of the program must be screened for problem solving to determine if it is possible for them to access other housing options and remain housed or be rehoused temporarily or permanently instead of utilizing RRH services.

14. Programs are to serve all eligible participants that reside in the SPA in which the program is designated to serve, including but not limited to, those engaged in Street Outreach programs, Access sites programs, Crisis Housing programs, Bridge Housing programs, Transitional Housing programs, and Winter shelters located in the designated SPA.
15. Participants will not be rejected or exited from participation in Rapid Re-housing due to any unnecessary barriers such as sobriety, income, mental health needs, disabilities, or due to being generally considered “difficult to work with”.

CASE MANAGEMENT

16. **Case Management & Supportive Services**: are provided by Rapid Re-housing staff to assist participants in becoming stable in permanent housing. The primary objective of housing-focused Case Management/Support Services is to extend support to participants, through an individualized case management relationship, that will ultimately translate to increased housing stability. This includes but are not limited to support with completing housing applications, accompaniment to housing appointments and/or leasing appointments, and other support associated with the housing placement process.

   16.1 After the person has moved into permanent housing, the case manager and program participant work together on issues that could reasonably be expected to jeopardize the housing. Stabilizing housing will most often include assistance to be able to pay the rent (any combination of budgeting, utilizing public assistance benefits and/or employment programs, and accessing free or low-cost goods/services). The Case Manager will help the household to connect with community resources to maximize their ability to pay rent, such as finding affordable childcare so the parent can work. For some program participants, the case manager may also assist the person to prevent a recurrence of past problems with lease compliance, care of the unit, and conflict with other tenants or the landlord. This may include reviewing lease language, practicing conflict avoidance or de-escalation. All resources are voluntary; the degree of engagement between participant and case manager and the person’s choice will determine the services, timing and sequence of referrals.

   16.2 Housing-focused case management sessions shall be dedicated to assessing and reassessing needs, educating participants on community resource opportunities, developing Housing and Services Plans, scheduling appointments, and providing necessary follow up to ensure Housing and Services Plans are progressing on schedule and needs are adequately being addressed.

17. **Case Management Ratio**: Contractors are recommended that programs maintain a ratio of approximately one (1) case manager to every twenty-five (25) participants for optimal service delivery. It is acceptable to maintain a lower case manager to participant ratio when serving youth.

   17.1 Caseloads should be determined through consultation between line and supervisory staff while examining the level of acuity/need, the amount of contact that is needed to successfully engage the household, and the length of time needed to meet participants where they reside.

HOUSING AND SERVICES PLAN

18. **Housing and Services Plan**: Case Managers must develop a Housing and Services Plan in coordination with the participant. The Housing and Services Plan will be the road map of services that are to be provided, actions that need to be taken (by both staff and the participant) and referrals that need to be made.

   18.1 Housing Plans summarize the participant’s goals, and immediate action steps toward those goals. The Plans are updated as the person’s situation changes, and steps are completed or revised. People in crisis experience varying levels of stress overload and may be unaware of the impacts on their ability to make or carry out plans, control emotions or recall information. They may agree to goal plans but be unable to carry them out. Accordingly, Rapid Rehousing programs must avoid plans that include many action
steps or require people to rapidly acquire new knowledge or skills or make significant or simultaneous behavior changes. Progress and problems implementing the plan should be reviewed and updated frequently.

18.2 The Housing and Services Plan should be considered the participant’s plan and should be signed by the participant as it is developed and updated.

18.3 Once the Housing and Services Plan is completed, the program must record the date of completion in HMIS.

18.4 **Monthly Update:** Case Managers must complete a Monthly Update, using the LAHSA approved Monthly Update Form, with the participant to assess progress towards achieving the goals defined in the Housing and Services Plan. Monthly Update forms must be signed by the participant and Case Manager. Monthly Update Forms must be placed in the master file. Contractor must document monthly updates in a HMIS Case note.

18.5 Programs must track all services and financial assistance provided to participants in HMIS with the goal of the participant achieving housing stability and sustainability upon exit from the program.

18.6 Programs must assist participants with a range of funded or leveraged activities based on the stated needs of the participant, in the Housing and Services Plan, including but not limited to:

- 18.6.1 Crisis Housing and Bridge Housing
- 18.6.2 Crisis Intervention
- 18.6.3 Physical Health Care
- 18.6.4 Mental Health Care
- 18.6.5 Mainstream Benefits Establishment
- 18.6.6 Substance Use Treatment
- 18.6.7 Education
- 18.6.8 Life Skills
- 18.6.9 Legal Services
- 18.6.10 Employment Services
- 18.6.11 Vocational Training
- 18.6.12 Credit counseling
- 18.6.13 Financial literacy training
- 18.6.14 Transportation
- 18.6.15 Reunification/Diversion
- 18.6.16 Childcare
- 18.6.17 Tenancy Rights and Responsibilities
- 18.6.18 Landlord Relations

19. Program must continually assess participant needs and provide individualized services needed to make progress towards housing stability.

19.1 Program must meet with participant at least once per month, face to face. Once participant is housed, program must continue to have a face to face meeting, preferably in the participant’s home.

19.2 Program shall increase the intensity of case management services as needed. This includes increasing the frequency of meetings and home visits as needed.

19.3 Case management services should decrease as the participant’s stabilization improves.
19.4 If a program determines the participant needs a higher level of care provided by Permanent Supportive Housing (PSH), either previous to, or after a housing placement, the program must refer the participant to PSH through the CES. Program must review HUD FAQ 529 & 530 to ensure chronic homeless status and eligibility for PSH for participants enrolled in rapid re-rehousing is fully understood.

19.5 Participants are eligible for six (6) months of case management after issuance of last financial assistance to ensure housing stability. This is prior to exiting the participant in the program.

20.1 Program must assist Participants in the housing search and placement process. Assistance includes:

20.2.1 Program must assist Participants in locating appropriate housing that meets the needs and expressed desires of the Participants.

21.1 Rental Assistance must be flexible and individualized utilizing a Progressive Assistance approach and ensure the Participant can reasonably be able to maintain the housing once the temporary rental assistance ends.

21.2 The goal of rental assistance must be to assist the Participant in achieving the goals identified in the Housing and Services Plan with the ultimate goal of achieving housing sustainability.

21.3 Program must provide support regarding budgeting for housing expenses by helping the Participant to understand their responsibilities as well as how to reduce costs to help maintain their housing.

**FINANCIAL ASSISTANCE**

22. Eligible categories of financial assistance can be found in Appendix IV.

22.1 Program must monitor and coordinate the use and disbursement of financial assistance.

22.2 This includes timely and accurate data entry in the LA CoC HMIS system and documentation of financial expenditures in HMIS and the Participant file.

22.3 Program will not provide financial assistance directly to any program Participant, rather will ensure that landlords, utility providers and other such services are paid directly.

22.4 Contract must ensure that all payments to such entities are timely.

22.5 Late payments to landlords or other such services could potentially be grounds for termination of the contract. Program must manage payment in a manner that does not result in lease violations for the participant or other penalties related to lack of timely payment.

23. All financial assistance paid on behalf of participants must have signed request from the housing navigation staff and a supervisor/manager staff within the program.

23.1 Program must have policies and procedures for how financial assistance is determined and requested.

24. Provider must have policies and procedures around verification of financial assistance is being paid to the appropriate party.

24.1 Must have documented verification of ownership before providing security deposit or rental assistance. To reduce potential barriers to engaging new property owners, LAHSA encourages that programs do not ask for grant deeds or tax records and instead use a data base to confirm ownership.
LENGTH OF ENROLLMENT

25. Program may exit participant from enrollment from Case Management and Financial Assistance services in collaboration with the participant when the following conditions are met:

25.1 If participant’s household status changes (i.e. Family to Single Adult, or Youth to Family) while in program the participant should be transferred to the system that best meets their needs and connected to the appropriate services.

25.2 The agency must contact the Lead Agency within their SPA to transition the participant to the appropriate agency.

25.3 Participant and program agree that participant has completed the primary housing stability goals outlined in Housing and Services Plan. Participant and Case Manager believe that the participant has reached a reasonable level of stability in permanent housing.

25.4 Participant is successfully linked to the appropriate housing intervention and supportive services program if rapid re-housing has been determined to be the inappropriate intervention.

25.6 Participant relocates to another CoC; however, the Mobility Rule allows for participants to continue in a neighboring CoC if monthly services can still be provided.
