Wages have not kept pace with rental cost

An LA renter earning minimum wage ($13.25/hr) would need to work 79 hours per week to afford rent on a 1-bedroom apartment*

721,000 LA County households are severely rent-burdened**

1/3 of LA households spend more than 50% of their household income on rent

LA needs 516,946 new affordable housing units

To meet the needs of low-income renters***
