ADDENDUM #2

Section A.8 Performance Outcome | Performance outcomes have been revised.

HUD has identified housing stability and increased income as major goals for CoC Homeless Assistance Programs. Programs funded under this RFP will be expected to achieve the following performance outcomes within the grant year:

**Performance Outcomes for the PSH Program**
- 80% of households participants remain maintained or exited to in permanent housing or exit to other permanent housing
- 1520% of adults maintained or increased income from all sources
- 95% occupancy rate
- 95% of households do not return to homelessness
- 95% HMIS data quality

**Performance Outcomes for the Joint TH-RRH Program**

**Performance Outcomes for the Joint TH Component**
- 45% exited to permanent housing
- 10% or less minimized exits to unknown destination
- 15% maintained or increased income from all sources
- 95% occupancy rate

**Performance Outcomes for the Joint RRH Component**
- 65% exited to permanent housing
- 15% increased income from all sources
- 70% moved-in within 120 days of enrollment

As the 2018 NOFA was the first time that HUD and LAHSA funded this program, agencies funded under this RFP will be expected to engage in a regular report of the programs’ successes and challenges through narrative and programmatic data in order to further develop the program and performance targets for future years.

**Performance Outcomes for the PH-RRH Program**
- 65 85% exited to permanent housing
- 15% increased income from all sources
- 70% moved-in within 120 days of enrollment
