Proposers are required to submit a competitive budget, for a 12-month contract term, which will allow them to operate at an optimal level. A budget template has been provided and posted on the LAHSA webpage dedicated to this RFP. The budget template provides for a line item budget by category. Using the budget template provided, proposers must submit a complete budget for the total cost of the proposal, including the request to LAHSA, and any other funding sources being leveraged. Documentation of leverage, such as a contract, a scanned copy of a check, a commitment letter, or an MOU, must be submitted in MyOrg before the submission deadline.

Funds will be distributed at LAHSA’s discretion. The rate for administrative cost reimbursement will be 102%. The budget template provided includes a 102% administrative cost reimbursement rate, which may be reduced based on the final determination of funding source.
